ORDER OF INDEFINITE SUSPENSION OF LICENSE

Now on this 25 day of February, 2005, the above referenced matter comes before the Kansas Board of Pharmacy in relation to the Stipulation and Final Agency Order with an effective date of June 8, 2004 that was entered by the Board and Respondent Pamela L. Stoddart, R.Ph.

1. On November 2, 2001, Respondent entered a 5 year Monitoring Agreement with Heart of America Professional Network, Inc. in which she committed to "not use any mood altering drugs of addiction, including alcohol and prescription medications unless approved by my therapist and the program staff."

2. The June 8, 2004 Stipulation and Final Agency Order provided as follows:

"B. FUTURE SUSPENSION. Respondent hereby agrees and consents that if during a forty-eight (48) month period beginning on the effective date of the Final Agency Order contemplated hereby, the Board receives a report that she is out of compliance with the Kansas Pharmacy Impaired Provider Program, the Board shall, without the necessity of a hearing, enter an order indefinitely suspending here license to practice pharmacy in the State of Kansas. Respondent hereby agrees and consents that

should such an order be entered, she will not request that the Board reinstate her license until she has been in a program approved by the Board requiring her to submit to random drug tests and has no reports of positive drug tests for a period of at least 24 months following entry of the order.

"Respondent acknowledges that she would have the ability to take advantage of all applicable provisions of the Kansas Administrative Procedures Act and the Act for Judicial Review and Civil Enforcement of Agency Action before an order of indefinite suspension as discussed in this section would be entered against her. The Respondent freely waives these rights in the event the Board receives a report that she is out of compliance with the Kansas Pharmacy Provider Program during a forty-eight (48) month period beginning on the effective date of the Final Agency Order contemplated hereby and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against her to those provided herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest such order of indefinite suspension."

3. On January 18, 2005, the Board received notification from Heart of America Professional Network that Respondent had tested positive for alcohol on January 3, 2005, which according to Respondent stemmed from her taking a Benadryl Elixir.

4. Based on this notification, the Board finds that Respondent is out of

compliance with the Kansas Pharmacy Impaired Provider Program.

IT IS THEREFORE ORDERED, pursuant to the terms of the Stipulated Agreement and Final Agency Order signed by Respondent, that Respondent's license to practice pharmacy in the State of Kansas be and hereby is indefinitely suspended.

IT IS FURTHER ORDERED, pursuant to the terms of the Stipulated Agreement and Final Agency Order signed by Respondent, that Respondent's license to practice pharmacy in the State of Kansas shall not be reinstated until she has been in a program approved by the Board requiring her to submit to random drug tests and has no reports of positive drug tests for a period of at least 24 months following entry of this Order of Indefinite Suspension of License.

IT IS SO ORDERED.
